

Party Hosting Tips

Follow these simple tips to help encourage people to drive safe and sober:

- Serve non-alcoholic beverages or holiday “mocktails” (recipe cards included).
- Encourage party guests to plan ahead and have a designated driver for the evening.
- Stop serving alcohol after a couple of hours and serve non-alcoholic beverages instead.
- Limit your guest list to people you know and those who act and drink responsibly.
- Hire a bartender instead of having guests serve themselves.
- Consider hosting a party at a bar or restaurant.
- Keep cab company numbers by your phone for guests who shouldn’t drive (see insert).
- Insist guests sleep at your home if they appear intoxicated.
- Understand Pennsylvania’s drunk driving (DUI) laws, so you can be an authority on the subject for your guests (see insert).
- Never serve alcohol to people under the age of 21—it’s the law. Those convicted of serving alcohol to minors could face jail time, hefty fines, court costs, and liability issues if the minor injures or kills someone while drunk driving.
- Encourage your guests to sign our Safe and Sober Pledge at [Facebook.com/EdgarSnyderAssociates](https://www.facebook.com/EdgarSnyderAssociates) or www.edgarsnyder.com.
